

INDUSTRIAL HYDRAULIC VALVES

Content	Chapter
Directional Control Valves Seated valves, spool valves, direct and pilot operated	Chapter 2
Proportional DC Valves Standard, high repeatability, VCD® performance	Chapter 3
Pressure Valves Subplate and screw-in mounting	Chapter 4
Flow Valves Throttle and flow control valves, subplate and screw-in mounting	Chapter 5
Check Valves Shuttle valves, direct and pilot operated check valves, subplate and screw-in mounting	Chapter 6
Sandwich Valves For pressure, check and flow functions	Chapter 7
Slip-In Cartridge Valves According to ISO 7368, with pressure, directional, flow and check functions	Chapter 8
SAE Flange Valves For pressure, directional, flow and check functions	Chapter 9
Valves for Pipe Mounting With pressure, directional, flow and check functions	Chapter 10
Electronics Amplifiers, axis controllers and accessories	Chapter 11
Accessories Subplates, pressure gauge valves, pressure switches, pressure intensifiers	Chapter 12
Product Index, alphanumeric	
Product Index by Function	

DIRECTIONAL CONTROL VALVES

Chapter 2

Series	Description	Direct operated					Pilot operated			
	DIN / ISO	06	10	16	25	32	10	16	25	32
	Seat valves, electrically operated									
D1SE		•								
	Spool valves, electrically operated									
D1VW	Standard, soft shift	•								
D1VW	8 Watt solenoid	•								
D1VW	Inductive position control	•								
D1VW*EE	Explosion proof (conform to ATEX and IECEx)	•								
D1MW	For wash down applications	•								
D1DW	5 chamber valve	•								
D3W	Standard		•							
D3W	Inductive position control		•							
D3MW	For wash down applications		•							
D3DW	5 chamber valve		•							
D31*W, D*1VW	Standard, high flow, inductive position control						•	•	•	•
D*W*EE	Explosion proof (conform to ATEX and IECEx)						•	•	•	•
	Spool valves, hydraulically operated									
D1VP, D3DP		•	•							
D4P, D9P, D11P		•	•	•	•	•				
	Spool valves, pneumatically operated									
D1VA		•								
	Spool valves, mechanically operated									
D1VL, D3DL		•	•

Series	Description
A	Subplates for DC valves
A102	Subplate for pressure valves
BK	Bolt kit
C / 9C	Check valves, direct operated
C*A	2-way slip-in cartridge valve without auxiliary function
C*B	2-way slip-in cartridge valve with stroke limiter
C*C	2-way slip-in cartridge valve for pilot system mounting
C*F	2-way slip-in cartridge valve for pressure relief function
C*G	2-way slip-in cartridge valve for pressure relief function plus pilot system mounting
C*H	2-way slip-in cartridge valve with stroke limiter
C*V	2-way slip-in cartridge valve with shuttle valve
C*W	2-way slip-in cartridge valve with shuttle valve
C10C*E	2-way slip-in cartridge valve with position control
C1DB	2-way slip-in cartridge valve, check valve
C4V	Check valve, direct operated
C4V	Check valve, pilot operated
C5V	Check valve, direct operated, SAE flange
CB	Cartridge block
CE, CP	2-way slip-in cartridge valve without cover
CM	Check valve, direct operated
CPOM	Check valve, pilot operated
CS	Check valve, direct operated
CS06	Sandwich plate
D*1FB	DC valve, pilot operated, proportional, with/without OBE
D*1FC	DC valve, pilot operated, proportional
D*1FP	DC valve, pilot operated
D*1FP	DC valve, pilot operated, with EtherCAT
D*1VW	DC valve, pilot operated
D*FP*D	DC valve, direct operated, freely config. control circuit
D1DW	DC valve, direct operated, 5 chambers
D11P	DC valve, direct operated
D1FB	DC valve, direct operated, proportional, with/without OBE
D1FC	DC valve, direct operated, proportional
D1FP	DC valve, direct operated
D1FP	DC valve, direct operated, with EtherCAT
D1FV	Pressure reducing valve, proportional, with/without OBE
D1MW	DC valve, direct operated
D1SE	Seat valve, 3/2-way
D1VA	DC valve, direct operated, pneumatically
D1VL	DC valve, direct operated, hand lever
D1VP	DC valve, direct operated, hydraulically
D1VW	DC valve, direct operated
D1VW	DC valve, direct operated, with inductive position control
D1VW 8W	DC valve, direct operated, 8 watt
D1VW EE	DC valve, direct operated, explosion proof

Series	Description
D30FP	DC valve, pilot operated
D30FP	DC valve, pilot operated, with EtherCAT
D31DW	DC valve, pilot operated
D31NW	DC valve, pilot operated
D3DL	DC valve, direct operated, hand lever
D3DP	DC valve, direct operated, hydraulically
D3DW	DC valve, direct operated, 5 chambers
D3FB	DC valve, direct operated, proportional, with / w/o OBE
D3FC	DC valve, direct operated, proportional
D3FP	DC valve, direct operated
D3FP	DC valve, direct operated, with EtherCAT
D3MW	DC valve, direct operated
D3W	DC valve, direct operated
D3W	DC valve, direct operated, with inductive position control
D4P	DC valve, direct operated, hydraulically
D4S	Seat valve, pipe mounting
D4S	Seat valve, subplate mounting
D51*	Cover plate
D9P	DC valve, direct operated
DSBA	Pilot valve with preload valve
DSDU	Pressure reducing valve, pilot operated, TÜV certificate
EVSA	Pressure reducing valve, direct operated
EX-M05	Test unit
F / 9F	Throttle check valves
F5C	Throttle valve, proportional, SAE flange
FM	Throttle check valve
FS	Throttle check valve
GFG2	Flow control valve, 2-way
H06	Sandwich plate
MSP	Multi-station manifold
MV / 9MV	Needle valves
MVI	Check und throttle valve
N / 9N	Needle valves
NS	Needle valve
PAC120	PLC for electrohydraulic controls
PACHC	Electrohydraulic control module
PADA	Adaptor plate
PCMS	Flow control valve, 2-way
PCD00	E-module for proportional pressure flow control valves
PCM / 9PCM	Flow control valves
PE06M*W	Pressure reducing valve, direct operated, subplate mounting
PID00	Axis controller
PRDM	Pressure reducing valve, direct operated
PRM	Pressure reducing valve, pilot operated
PRPM	Pressure reducing valve, pilot operated, proportional
PSB	Pressure switch
PWD00	E-module for proportional valves
PWDXX	E-module for proportional valves with position transducer
PZD00	E-module for command signal

Series	Description
R / RS*E	Pressure relief valves, pilot operated, cartridge
R06M	Pilot valve with pressure relief function
R1E02	Pressure relief valve, direct operated
R4R	Pressure reducing valve, pilot operated, pipe mounting
R4R	Pressure reducing valve, pilot operated, subplate mounting
R4R*P2	Pressure reducing valve, pilot operated, proportional, pipe mounting
R4R*P2	Pressure reducing valve, pilot operated, proportional, subplate mounting
R4S	Sequence valve, pilot operated, subplate mounting
R4U	Unloading valve, subplate mounting
R4V	Pressure relief valve, pilot operated, pipe mounting
R4V / R6V	Pressure relief valves, pilot operated, subplate mounting
R4V / R6V	Pressure relief valves, pilot operated, proportional, subplate mounting
R4V / R6V	Pressure relief valves, pilot operated, TÜV certificate, subplate mounting
R4V / R6V*P*	Pressure relief valves, pilot operated, proportional, OBE, subplate mounting
R4V*P2	Pressure relief valve, pilot operated, proportional, pipe mounting
R5P	Pressure compensator, 3-way, SAE flange
R5S	Sequence valve, pilot operated, SAE flange
R5U	Unloading valve, pilot operated, SAE flange
R5V	Pressure relief valve, pilot operated, SAE flange
R5V*P2	Pressure relief valve, pilot operated, proportional, SAE flange
RDM	Pressure relief valve, direct operated
RE*E*T	Pressure relief valve, pilot operated, proportional, OBE, cartridge
RE*E*W	Pressure relief valve, pilot operated, proportional, cartridge
RE06M*T	Pressure relief valve, direct operated, proportional, OBE, subplate mounting
RE06M*W	Pressure relief valve, direct operated, subplate mounting
RH	Check valve, pilot operated
RK / RB	Check valve, threaded, block mounting
RM	Pressure relief valve, pilot operated
RPDM	Pilot valve, proportional, with pressure relief function
RS06M	Pilot valve with pressure relief function
S06M	Pilot valve with pressure sequence
SD500	Pressure intensifier
SPD	Subplate for DC valve
SPP	Subplate for pressure valves
SPZBE	Check valve, threaded
SSR	Shuttle valve, block mounting
SVLA	Check valve, pilot operated, subplate mounting
SVLB	Check valve, pilot operated, cartridge

Series	Description
TDA	Throttle valve, 2-way, proportional, pilot operated
TDC	High response valve, 2-way
TDP	VCD performance valve, 2-way
TDW	Cartridge valve, 2/2-way, active controlled
TEA	Throttle valve, 2-way, proportional, pilot operated, with shut-off valve
TEP	High-response valve, 2-way, with shut-off valve
TFP	High-response valve, 2-way
TK	Tie rod kit
TPQ	High-response valve, 3-way
UR*E / US*E	Unloading valves, pilot operated, cartridge
UR06M / US06M	Pilot valves with unloading function
VB	Pressure relief valve
VBY*K	Pressure relief valve, proportional
VM	Pressure reducing valve, direct operated
VMY*K	Pressure reducing valve, pilot operated, subplate mounting
VS	Pressure relief valve
WM	Pressure gauge selector valve
Z1DW	Shut-off valve, direct operated
ZDR	Pressure reducing valve, pilot operated, high performance
ZDV	Pressure relief valve, pilot operated, high performance
ZNS	Counterbalance valve, pilot operated
ZSRA / ZSRB	Shuttle valves, sandwich plate
ZUDB	Pressure relief valve, sandwich plate

	Pilot operated, proportional, subplate mounting	R4R*P2
	Pilot operated, proportional, sandwich plate	PRPM
Pressure switch	Electro-hydraulic	PSB
Pressure intensifier		SD500
Pressure compensator	3-way, SAE flange	R5P
Sequence valve	Pilot operated, subplate mounting	R4S
	Pilot operated, SAE flange	R5S
Electronics	For proportional pressure/flow control valves	PCD00
	For proportional valves	PWD00
		PWDXX
	For command signal processing	PZD00
Pressure gauge valve		WM

Function	Description	Series
Test unit	For Parker prop. and servo proportional valves with OBE	EX-M05
Servo proportional valve	Direct operated, subplate mounting	D1FP
		D*FP*D
		D3FP
	Direct operated, with EtherCAT, subplate mounting	D*FP
	Pilot operated, subpl. mounting	D*1FP
	Pilot operated, subpl. mounting	D30FP
	Pilot operated, proportional, 2-way, cartridge	TDC
	Pilot operated, VCD®, 2-way, cartridge	TDP
	Pilot operated, VCD®, 2-way, cartridge with shut-off valve	TEP
	Pilot operated, VCD®, 2-way, cartridge	TFP
	Pilot operated, VCD®, 3-way, cartridge	TPQ
	Control module for electrohydraulic controls	PACHC
Check valve	Direct operated, pipe mounting	C / 9C
	Direct operated, subplate mounting	C4V
		CS
	Direct operated, SAE flange	C5V
	Direct operated, sandwich plate	CM
	Block mounting	RK / RB
		SPZBE
	Pilot operated, block mounting	SVLB
	Pilot operated, pipe mounting	RH
	Pilot operated, subplate mounting	C4V
		SVLA
	Pilot operated, sandwich plate	CPOM
Multi-station manifold		MSP
Bolt kit		BK
Counterbalance valve	Pilot operated, high performance, sandwich plate	ZNS
Programmable Logic Controller	for electrohydraulic controls	PAC120
Tie rod kit		TK
Flow control valve	2-way, subplate mounting	PCMS
	2-way, pipe mounting	PCM / 9PCM
	2-way, subplate mounting	GFG2
Pilot valve, pressure function	With unloading function, subplate mounting	UR06M / US06M
	With pressure relief function, subplate mounting	RS06M
		R06M
	With preload function, subplate mounting	DSBA
	Sequence function, subpl. mount.	S06M
	Proportional, with pressure relief function, sandwich plate	RPDM
	With pressure reducing function, sandwich plate	ZUDB

Function	Description	Series
Shuttle valve	Screw-in mounting	SSR
	Sandwich plate	ZSRA / ZSRB
Directional seat valve	3/2-way, subplate mounting	D1SE
	Pipe mounting	D4S
	Subplate mounting	D4S
DC valve, direct operated	Direct operated, hydraulically, subplate mounting	D11P
		D1VP
		D3DP
		D4P
		D9P
		D1VW 8 Watt
	Direct operated, solenoid, 8 watt, subplate mounting	D1VW 8 Watt
	Direct operated, solenoid, explosion proof, subplate mounting	D1VW
	Direct operated, solenoid, with inductive position control, subplate mounting	D1VW
		D3W
	Direct operated, solenoid, subplate mounting	D1VW
		D1MW
		D3MW
		D3W
	Direct operated, solenoid, sandwich plate	Z1DW
	Direct operated, hand lever, subplate mounting	D1VL
		D3DL
	Direct operated, pneumatically, subplate mounting	D1VA
DC valve, pilot operated	Direct operated, proportional, with OBE and position feedback, subplate mounting	D1FC
		D3FC
	Direct operated, proportional, with/without OBE, subplate mounting	D1FB
		D3FB
	Pilot operated, subplate mounting	D*1VW
		D31DW
Sandwich plate		D31NW
	Pilot operated, proportional, with OBE and position feedback, subplate mounting	D*1FC
	Pilot operated, proportional, with/without OBE, subplate mounting	D*1FB
Sandwich plate		CS06
		H06
